TITLE: DEFINITIONS POLICY	ORIGINATION DATE: 1/18/2018 REVIEW // REVISION DATE(S): 02.17.22	PAGE: Page 1 of 3
APPROVED BY: CHP Board of Directors	P&P REPLACED [Number]: N/A	

PURPOSE

This Policy sets forth the definitions applicable to policies and procedures of Covenant Health Partners, Inc. ("CHP").

SCOPE

This Policy is applicable to all CHP policies and procedures. This Policy is intended to provide definitions generally applicable to CHP policies and procedures. In the event of a conflict between this Policy and any other CHP policy, the policy applicable to the conduct at issue, and not this Policy, will govern.

DEFINITIONS

Advanced Practice Provider. Individual Providers who are nurse practitioners, physician assistants and other licensed health care professionals who are authorized to provide Covered Services under the Medicare program, but not Physicians.

Board. The Board of Directors of CHP.

CHS. Covenant Health System, a tax-exempt, Texas nonprofit corporation that owns, operates, and manages healthcare facilities including but not limited to a general acute care hospital, Covenant Medical Center, additional acute care hospitals, a pediatric hospital, a long-term acute care hospital, inpatient rehab hospital, physician groups (including Covenant Medical Group), diagnostic imaging center and ambulatory surgery centers and other entities on a direct or indirect basis.

Covered Persons. Any beneficiary and/or dependent(s) who is assigned to CHP in accordance with Clinical Integration Agreement's patient attribution methodology.

Covered Services. Those medically necessary health care services and supplies that Covered Persons are entitled to receive under a Payor Agreement.

CMS. The Centers for Medicare and Medicaid Services.

Clinical Integration Agreements. The contract(s) between CHP and one or more Payors entered into by CHP pursuant to which CHP, Participants, and Individual Providers agree to work together to manage and coordinate the care of designated Covered Persons who are assigned to CHP or under the other activities specified in an applicable Clinical Integration Agreement. Under the terms of the Clinical Integration Agreements, CHP, its Participants and Individual Providers, will be eligible to participate in pay-for-performance, shared savings, at-risk and similar arrangements that may result in non-traditional payment structures in addition to standard fee-for-service reimbursement. Clinical Integration Agreements may be in the form of separate contracts with Payors, or they may be coupled with Payor Agreements governing reimbursement.

Clinical Integration Program. The active and ongoing program of health care quality and efficiency initiatives developed and implemented by CHP to evaluate and modify practice patterns by CHP's contracted Participants, Individual Providers, and other health care entities, and to create a high degree of interdependence and cooperation among such Participants to control health care costs and ensure

quality, and which may include: (i) establishing mechanisms to monitor and control utilization of health care services that are designed to control costs and assure quality of care; (ii) selectively choosing participants who are likely to further these efficiency objectives; (iii) investing capital, both monetary and human, in the necessary infrastructure and capabilities to realize efficiencies and quality goals; and (iv) participating in Clinical Integration Agreements as a clinically integrated network.

Distribution Policy. The Single Incentive Fund and Distribution Policy.

Individual Provider. A Provider/Supplier as defined below.

Network Participation Agreement. An agreement governing the relationship between CHP and Participant with respect to CHP's Clinical Integration Program and Payor Agreements.

Network Participation Criteria. The criteria and requirements Individual Providers must satisfy in order to qualify for initial and ongoing participation in CHP, as determined and as modified from time to time by the Board.

Participants. The health care providers or entities that comprise the clinically integrated network of CHP who have entered into a Network Participation Agreement with CHP.

Payor. Any entity including, but not limited to, any employer, union group, association, managed care plan, insurer, health maintenance organization, preferred provider organization, federal, state, or other government payor, or any other third-party (or any third-party administrator contracting on behalf of any such entity) with which CHP has contracted to arrange to provide Covered Services to Covered Persons.

Payor Agreement. A contract between a Payor and a Participant or Individual Provider which sets forth the health care benefits a Covered Person is entitled to receive and the terms and conditions upon which the Payor will pay the Participant or Individual Provider in connection with the provision of Covered Services.

"Performance Standards". Criteria or metrics for measuring clinical quality, patient satisfaction, resource utilization, and cost effectiveness with regard to the delivery of Covered Services, as set forth in an applicable Clinical Integration Agreement, Provider Manuals, and applicable Policies and Procedures.

"PHI". "Protected Health Information" as defined at 45 C.F.R. § 160.103.

"Policies and Procedures". Any CHP standards, policies, procedures, programs, rules, and regulations (as amended from time to time) adopted by CHP that apply to Participants or Individual Providers.

Physician. A qualified physician, including but not limited to, a doctor of medicine, doctor of osteopathy, or oral surgeon, who is an Individual Provider, and who furnishes professional health care services that are billed through a Participant's tax identification number.

PURPOSE

The purpose of this policy is to establish guidelines and procedures regarding applicants to become new Participants in Covenant Health Partners, Inc. ("CHP").

SCOPE

CHP and its employees, agents, contractors, affiliates, directors, officers, and Committee Members; All Participants and their Individual Participants, directors, officers, employees, agents, contractors, and affiliates; any other third party that performs credentialing services at the request of CHP.

POLICY

Pursuant to the CHP Bylaws, the CHP Board has adopted this policy to set forth standards for new Participants. CHP "Participants" must consist of legal entities identified by a Tax Identification Number (TIN) or Participant Social Security Number (SSN) that meet CHP's qualification and execute a Network Participation Agreement with CHP. Each Participant is required to ensure that all physicians and other Individual Providers who furnish services billed through the Participant TIN must agree to comply with the Network Participation Agreement and continuously meet the qualifications and requirements assigned to Individual Providers in CHP.

DEFINITIONS

Capitalized terms not otherwise defined will have the meaning set forth in the Definitions Policy.

PROCEDURE

There is no right to participation in CHP. Any legal entity applicant to become a Participant in CHP will be required to meet the following criteria:

- 1.0** Meet the network needs of CHP.
- 2.0** Execute and enter into a current Network Participation Agreement with CHP, and ensure that each Individual Provider employed or engaged by Participant is required to meet any applicable terms of such Network Participation Agreement.
- 3.0** Ensure that all Individual Providers employed or engaged by the Participant satisfy all Network Participation Criteria, obligations set forth in the Credentialing Policy and the Network Participation Agreement.
- 4.0** Pay any dues required of Participants in CHP.

In addition, each Individual Provider employed or engaged by the Participant is required to be in compliance with the CHP Code of Conduct and Conflict of Interest Policy.

PURPOSE

The purpose of this policy is to establish guidelines and procedures regarding termination of a Participant in Covenant Health Partners, Inc. ("CHP").

SCOPE

CHP and its employees, agents, contractors, affiliates, directors, officers, and committee members; All Participants and their Individual Providers, directors, officers, employees, agents, contractors, and affiliates.

POLICY

Pursuant to the CHP Bylaws, the CHP Board has adopted this policy to set forth standards for termination of Participation in CHP.

CHP "Participants" must consist of legal entities identified by a Tax Identification Number (TIN) or Social Security Numbers (SSN) that meet CHP's qualification and execute and remain a party to a Network Participation Agreement with CHP. Under the Network Participation Agreement, each Participant is required to ensure that all physicians and other Individual Providers who furnish services billed through the Participant TIN agree to comply with the Network Participation Agreement and continuously meet the qualifications and requirements assigned to Individual Providers in CHP.

DEFINITIONS

Capitalized terms not otherwise defined will have the meaning set forth in the Definitions Policy.

PROCEDURE

If an Individual Provider employed or engaged by a Participant violates any of the requirements applicable to Individual Providers described in the Network Participation Agreement, the Participant may be terminated by CHP unless the Participant terminates the employment or engagement of the Individual Providers as a result of such violation.

A Participant may be terminated by the Board at any time with, or without cause, by providing at least sixty (60) days prior written notice.

CHP will notify any Participant of termination of Participant's, or an Individual Provider's, participation in CHP. Neither the Participant, nor an Individual Provider, is entitled to appeal rights under this Policy.

PURPOSE

All Participants and Individual Providers of Covenant Health Partners, Inc. (“CHP”) are expected to display the highest level of professional behavior, decorum, compassion and ethics. In accordance with this expectation, this Code of Conduct is designed to clarify common expectations and facilitate unity among Participants. The guidelines set forth in this Code of Conduct govern interactions with Covered Persons, their families, other Participants or Individual Providers, government agencies and their representatives and the public at large.

SCOPE

CHP and its employees, agents, contractors, affiliates, directors, officers, and committee members; All Participants and their Individual Providers, directors, officers, employees, agents, contractors, and affiliates.

DEFINITIONS

Capitalized terms used but not otherwise defined have the meaning set forth in the Definitions Policy.

PROCEDURES

- 1.0** All Participants and Individual Providers will abide by the principles of medical ethics (primacy of patient welfare, patient autonomy, and respect for human dignity and rights), and the policies and procedures of CHP.
- 2.0** All Participants and Individual Providers will interact and communicate with Covered Persons, all other Participants and their employees and agents in a courteous, respectful and dignified manner.
- 3.0** All Participants and Individual Providers have the primary responsibility for effective communication.
- 4.0** All Participants and Individual Providers must:
 - 4.1 Seek out assistance in conflict resolution when managing disagreements with others.
 - 4.2 Address dissatisfaction with policies, administrative or supervisory actions through the proper leadership channels at CHP.
 - 4.3 Communicate quality and patient safety concerns to CHP leadership as appropriate.
 - 4.4 Regard Covered Persons and their families with respect and consideration.
- 5.0** Participants and Individual Providers will not engage in disruptive behaviors, including but not limited to the following:
 - 5.1 Sexual harassment and sexual innuendos;

- 5.2 Use of abusive language, including the use of foul language, screaming or name calling;
 - 5.3 Making direct or indirect threats of violence, retribution, litigation or financial harm;
 - 5.4 Making racial or ethnic slurs;
 - 5.5 Intimidation;
 - 5.6 Criticizing or embarrassing CHP staff in the presence of others;
 - 5.7 Slander;
 - 5.8 Inappropriate physical expressions of anger;
 - 5.9 Treating Covered Persons, coworkers or others in a discriminatory way, including but not limited to discrimination based on race, color, national origin, ancestry, religion, gender, marital status, sexual orientation, or age;
 - 5.10 Providing patient care while impaired by alcohol, drugs or illness; and
 - 5.11 Dishonesty.
- 6.0** Optimal health care depends on the harmonious interaction, communication and combined efforts of a multidisciplinary team that includes but is not limited to: physicians, dentists, affiliated health care providers, students, residents, social workers, patients, families and others. As Participants and Individual Providers strive to provide the highest level of care to Covered Persons, they will engage in the following behaviors:
- 6.1 Respond promptly and professionally when called upon for consultative and clinical services from Participants and other Individual Providers;
 - 6.2 Respond to patient and staff requests for information promptly and appropriately;
 - 6.3 Respect the confidentiality and privacy of Covered Persons in accordance with applicable law;
 - 6.4 Seek and obtain appropriate consultations;
 - 6.5 Arrange for appropriate coverage in accordance with CHP policies;
 - 6.6 Prepare and maintain medical records in accordance with the Participant's Network Participation Agreement;
 - 6.7 When terminating or transferring care of a Covered Person, provide a prompt handoff that has pertinent and appropriate medical information to ensure continuation of care, medication reconciliation, and adequate follow-up; and

- 6.8 Be collaborative with and respectful of all multidisciplinary team members and individuals involved in the care of Covered Persons.
- 7.0** Participants and their Individual Providers are required to contribute meaningfully to the CHP community by:
- 7.1 Serving on CHP committees when requested and eligible;
- 7.2 Notifying the Medical Director of any Participant or Individual Provider who may be impaired, disruptive or who repeatedly violates the Code of Conduct;
- 7.3 Following and obeying the law at all times;
- 7.4 Holding in strictest confidence all information pertaining to peer review, and quality review improvement activities concerning Participants and Individual Providers;
- 7.5 Protecting the confidentiality of log-in identification and passwords that access any CHP health care data as well as protecting patient identifiable information or other confidential CHP information from loss or theft; and
- 8.0** The medical record is a vital legal document that records all aspects of a patient's health care. This document should include but not be limited to all information regarding patient histories and physicals, diagnostic evaluations, treatment plans and outcomes. All entries in the medical record must be dated. Additionally, they should accurately reflect the professional recommendations and actions taken by all health care providers. Medical record entries should reflect the same level of respect that is expected of interpersonal and verbal communications previously set forth in this Code of Conduct. It is inappropriate to include in the medical record descriptions of interpersonal conflicts, judgmental statements of others or unprofessional attitudes.
- 9.0** All Participants and Individual Providers are expected to adhere to the principles and guidelines outlined in this Code of Conduct.
- 10.0** Administration of the Code of Conduct is the responsibility of the Medical Director.
- 11.0** Participants who do not abide by the Code of Conduct are subject to disciplinary and/or corrective actions, and if warranted, termination, in accordance with the Credentialing Policy and Peer Review Policy.

PURPOSE

The purpose of this policy is to define requirements under which certain individuals involved in Covenant Health Partners, Inc. ("CHP") will be required to review and sign a Confidentiality Statement setting forth their understanding and agreement regarding the confidentiality of certain information such persons access through CHP.

SCOPE

CHP and its employees, agents, contractors, affiliates, directors, officers, and Committee Members; All Participants and their Individual Providers, directors, officers, employees, agents, contractors, and affiliates; any other third party that performs credentialing services at the request of CHP.

POLICY

Pursuant to the CHP Bylaws, the CHP Board has adopted this policy to set forth standards for maintaining confidentiality of certain information.

Employees, Board Members, and committee members are required annually to sign the Confidentiality Statement and are responsible for maintaining confidentiality of certain information described within the Confidentiality Statement.

DEFINITIONS

Capitalized terms not otherwise defined will have the meaning set forth in the Definitions Policy.

PROCEDURE

Each CHP employee, Participant, Individual Provider, and other person who has access to the following information must meet the following criteria:

1. Confidentiality Statement

- 1.1. All CHP employees, Board Members, and members of any committee must sign a Confidentiality Statement (Attachment A) upon hire, upon beginning their term of service in a relevant position and as otherwise provided in this policy.
- 1.2. The Confidentiality Statement clearly indicates that each individual agrees not to disclose Confidentiality Information or use such Confidential Information except in accordance with bona-fide purposes consistent with the activity or use for which the information was disclosed, or as otherwise permitted by applicable law.
- 1.3. "Confidential Information" may include business or personal information, whether written or oral, that would be harmful to CHP, CHP or any of their related organizations, or their respective patients, employees, members, and/or Participants, including information regarding:

PURPOSE

This policy provides guidance regarding the collection and dissemination of Clinical Integration Performance Information relating to CHP, its Participants, Individual Providers, other entities and individuals in connection with the CHP clinical integration program.

SCOPE

CHP and its employees, agents, contractors, affiliates, directors, officers, and committee members; All Participants and their participating Individual Providers, directors, officers, employees, agents, contractors, and affiliates.

POLICY

The collection, review, dissemination and use of Clinical Integration Performance Information is intended to drive improvements in clinical service, quality, cost and other objectives consistent with the purposes of CHP's Clinical Integration Programs. CHP, its Participants, Individual Providers, and other entities and individuals within the scope of this Policy are required to follow the procedures described herein in connection with the collection, dissemination and use of Clinical Integration Performance Information.

DEFINITIONS

Clinical Integration Performance Information: Data and information relating to services and performance of the CHP network, its Participants, Individual Providers, and other entities and individuals who are involved in the delivery of health care services in the CHP service area. Clinical Integration Performance Information may include, by illustration and without limitation, data and information relating to quality, clinical practice patterns, utilization, claims, payment, cost, service, performance, and other variables pertaining to the clinical services and other activities of CHP, its Participants, Individual Providers, and other entities and individuals; *provided that* Clinical Integration Performance Information will not include personally identifiable Protected Health Information, but it may include information that is de-identified within the meaning of HIPAA. Clinical Integration Performance Information may be derived from various sources which are deemed to be reliable, and such information may be aggregated, summarized, and distributed for use in various formats in connection with the operation of CHP. Clinical Integration Performance Information is intended to be used for multiple purposes in connection with CHP's operation, including to inform decision-making regarding Participants, Individual Providers and other entities involved in CHP.

Quality and Performance Committee: A standing committee of CHP that operates under the CHP Bylaws and is authorized by the CHP Board of Directors (the "Board") to (i) evaluate the quality of medical and health care services and the competence of Individual Providers, including the performance of those functions specific by Section 85.204 of the Texas Health and Safety Code, and (ii) engage in activities, such as utilization review, quality assurance/performance improvement review, and peer review, for the purpose of improving the quality and efficiency in the delivery of health care services. As such, the Quality and Performance Committee is a "medical peer review committee," as defined under the Texas Medical Practice Act.

PROCEDURE

1.0 Objectives

- 1.1 Clinical Integration Performance Information is collected and disseminated in furtherance of the following objectives:
 - (a) Influence the Overall Performance of CHP. The collection and use of Clinical Integration Performance Information allows for the evaluation and understanding of care quality and cost variables, including over-, under- and appropriate-utilization of services, and CHP's overall performance and trends.
 - (b) Influence Individual Provider Performance and Practices. Clinical Integration Performance Information relating to the Individual Providers is intended to provide useful information regarding individual Provider performance and variation in relation to similar providers on clinical quality, cost, utilization and other variables in order to improve the individual Provider's performance and decision-making, and to promote the delivery of high quality, low cost care.
 - (c) Influence Practice Patterns and Referral Practices of Individual Providers. The collection and use of Clinical Integration Performance Information is also designed to inform patient care and referral decisions of CHP Individual Providers in order to promote clinical service delivery practices and the use of using high quality, low cost providers or suppliers.
- 1.2 Individual Providers are expected to review, consider and use Clinical Integration Performance Information and CHP defined practice protocols in connection with their clinical care activities, including in connection with the selection and use of appropriate Individual Providers and other entities to furnish medically necessary patient care, as consistent with the Individual Provider's independent professional judgment.
- 1.3 CHP Individual Providers are not required to refer to other CHP Participants or Individual Providers, except when a payor arrangement defines the provider network. Patient choice, payor arrangement requirements, and referring Individual Provider's professional medical judgment will be respected at all times.

2.0 Components of Programs Relating to Clinical Integration Performance Information

- 2.1 The Board may delegate responsibilities related to the definition, collection, dissemination and use of Clinical Integration Performance Information to the Quality and Performance Committee or such other committee, as may be designated from time to time by the Board.

2.2 Program Responsibility.

- (a) The Board or the Quality and Performance Committee, as applicable, has the responsibility to:
- (i) Determine the types of Clinical Integration Performance Information to be collected and disseminated that promote the success of CHP's clinical integration program, to potentially include consideration of information relating to clinical services, service location, cost/efficiency of services, use of CHP network Individual Providers to promote clinical integration, and other relevant variables.
 - (ii) Evaluate the reliability and validity of data and information that is considered to be included in CHP's collection of Clinical Integration Performance Information.
 - (iii) Provide oversight to the data collection and analysis of Clinical Integration Performance Information, and the preparation of reports setting forth such information.
 - (iv) Assess issues and/or problems identified through the review of Clinical Integration Performance Information, make recommendations regarding performance improvement, programmatic adjustments and other actions based on such information.
 - (v) Oversee the dissemination and use of Clinical Integration Performance Information.
 - (vi) Oversee CHP's activities to ensure that only de-identified information (as opposed to personally identifiable Protected Health Information) within the meaning of HIPAA is included in the network's Clinically Integrated Performance Data.

2.3 Discipline. The Quality and Performance Committee is not a disciplinary committee, and will refer issues or concerns with Individual Provider performance to the Board or other applicable committee of CHP.

2.4 Program Evaluation. The Board or the Quality and Performance Committee, if applicable, will review, update or modify the practices and processes used to collect, disseminate and use Clinical Integration Performance Information as necessary to promote the provision of high quality, cost effective care, and the effective operation and success of CHP and its clinical integration program.

LIMITATION OF LIABILITY

As a condition of participation in CHP, Participants and Individual Providers release CHP, CHS, and their respective directors, officers, employees, committee members and agents (collectively, the "CHP

APPROVED BY: CHP Board of Directors	P&P REPLACED [Number]: 320.03CHP	

PURPOSE

This Policy establishes guidelines and procedures for the initial credentialing and re-credentialing processes used to evaluate Applicants’ qualifications, professional conduct and competence, and quality of patient care to determine eligibility for Participation under a Network Participation Agreement between a Participant and Covenant Health Partners, Inc. (“CHP”). This Policy will also ensure that CHP conducts the credentialing and re-credentialing processes in compliance with applicable professional and regulatory standards.

SCOPE

CHP and its employees, agents, contractors, affiliates, directors, officers, and committee members; all Participants and their Individual Providers (as applicable), directors, officers, employees, agents, contractors, and affiliates; any other third party that performs credentialing services at the request of CHP.

POLICY

CHP, as a “medical organization” and “health care entity” defined respectively in Section 161.031(a) of the Texas Health and Safety Code and in Section 151.001(a)(5)(C) of the Texas Occupations Code, pursuant to the CHP Bylaws, has authorized the Credentials Committee to perform credentialing processes for initial credentialing and re-credentialing in accordance with this Policy. All final credentialing and re-credentialing decisions are made by the Board.

CHP, Participants, Individual Providers, and all other individuals and entities that fall within the scope of this Policy will follow the guidelines in this Policy to ensure that the credentialing activities and any information created pursuant to such activities remains confidential and privileged at all times, in accordance with applicable federal and state peer review laws, including but not limited to, the Texas Medical Peer Review Committee Privilege set forth at Tex. Occ. Code § 160.007, as amended, the Texas Medical Committee Privilege set forth at Tex. Health & Safety Code § 161.032, as amended, and the protections available under the Nursing Peer Review Statutes set forth in Tex. Occ. Code § 303.001, *et seq.*, as amended (collectively, the “Peer Review Laws”).

DEFINITIONS

Applicant. Each individual who is eligible to be an Individual Provider that has completed, signed, and submitted the application to CHP for initial credentialing or re-credentialing through a Participant.

Credentialing. The process used to help ensure competence through evaluation and verification of documentation regarding professional licensure, clinical experience, peer review or references and data

regarding clinical practice of the Applicant for the initial application process and the re-credentialing process for renewal of participation.

Credentialing Forms. CHP credentialing application forms, including but not limited to, a credentialing application, the Texas standardized credentialing application, any release forms, and criminal background forms.

Credentials File. An Applicant’s initial Credentialing Forms and credentialing verification information, and for re-credentialing Applicants, the re-credentialing Credentialing Forms and all quality and peer review information.

Credentials Committee. A committee of CHP comprised of Individual Providers for the purposes of assisting the CHP Board in its responsibility to ensure quality of care and patient safety by evaluating each individual Applicant for participation in CHP, including but not limited to, the Individual Provider’s qualifications, professional conduct, and quality of patient care, and providing recommendations to the CHP Board regarding each application. The Credentials Committee is a “medical peer review committee,” as defined under the Texas Medical Practice Act, and may form and operate review committees as described in the Texas Nursing Practice Act.

Quality and Performance Committee: A standing committee of CHP that operates under the CHP Bylaws and is authorized by the CHP Board to (i) evaluate the quality of medical and health care services and the competence of Individual Providers, including the performance of those functions specific by Section 85.204 of the Texas Health and Safety Code, and (ii) engage in activities, such as utilization review, quality assurance/performance improvement review, and peer review, for the purpose of improving the quality and efficiency in the delivery of health care services. As such, the Quality and Performance Committee is a “medical peer review committee,” as defined under the Texas Medical Practice Act and may form and operate review committees as described in the Texas Nursing Practice Act.

Capitalized terms not otherwise defined will have the meaning set forth in the Definitions Policy.

PROCEDURE

1.0 Applicant Qualifications.

Applicants for credentialing, re-credentialing, and continued participation in CHP must satisfy the following criteria:

1.1 CHP Network Needs

Covenant Health Partners, Inc.	POLICY & PROCEDURE # 320.04CHP	
TITLE: CREDENTIALING POLICY	ORIGINATION DATE: 12/14/2017 REVIEW // REVISION DATE(S): 01.18.18; 08/09/18; 06/17/21; 02.17.22	PAGE: Page 3 of 20
APPROVED BY: CHP Board of Directors	P&P REPLACED [Number]: 320.03CHP	

There is no right to participation in CHP for any Participant or the Participant's Individual Providers regardless of an individual's qualifications or affiliation with Participants.

The Board or its designee will from time to time make a good faith evaluation of the network standards and needs for CHP. In this evaluation, the Board may consider any criteria, including the standards, metrics, network needs, good faith participation, and other considerations set forth on Exhibit A.

Only those Individual Providers who are affiliated with Participants identified as meeting CHP's network needs are eligible to apply for initial credentialing and re-credentialing, and to maintain participation in CHP under this Policy.

1.2 Minimum Network Participation Criteria

Provided that the Board has determined that CHP's network has a need for the Applicant, the Applicant must meet the Minimum Network Participation Criteria described on Exhibit B to be eligible to apply for, maintain, and renew participation in CHP.

In addition to the Minimum Network Participation Criteria, each Applicant must satisfy the Additional Participation Criteria described on Exhibit C.

2.0 Initial Credentialing and Re-credentialing.

2.1 Initial Credentialing.

Applicants will complete the Credentialing Forms designated by CHP to permit CHP or its designee to perform credentialing verification and will submit the completed initial Credentialing Forms to the CHP business office or as otherwise directed. CHP will review the Credentialing Forms and will request additional information from Applicant, as needed. CHP will have no obligation to review or consider Applicant until the Credentialing Forms have been completed and no information is outstanding. Applicant must supply requested information to CHP within thirty (30) days of a request for additional information. Applicant's failure to provide the requested information within the 30-day period may result in the application being deemed withdrawn. Applicants will execute any consent or authorizations necessary for the application process, including those required for criminal background checks.

2.2 Re-credentialing Process.

2.2.1 Every two (2) years based on the Applicant's birthdate, or such other period established by the Board, each Individual Provider will be re-credentialed. The Individual Provider will be evaluated for reappointment at least 120 days prior to the expiration of the initial appointment in the CHP network and then the second anniversary thereafter.

2.2.2 The Applicant must provide information described in this Policy and as requested by CHP.

2.2.3 Applications for re-credentialing will be considered in accordance with Section 3 of this Policy.

3.0 Credentialing Process.

- 3.1 Credentialing Forms. CHP will provide Applicant with a copy of or access to the Credentialing Forms. Applicant must return the completed Credentialing Forms within thirty (30) days of receipt of the Credentialing Forms or as otherwise designated by CHP. CHP will have no obligation to review or consider Applicant until the Credentialing Forms have been completed by Applicant.
- 3.2 Credentials Verification. CHP or its designee will perform credentials verification within ninety (90) days of the date of receipt of completed Credentialing Forms from Applicant. Information regarding Applicant will be verified, using applicable credentialing standards, which may include the National Committee on Quality Assurance, American Accreditation Health Commission, and Texas Department of Insurance and in accordance with this Policy. Primary source verification will be obtained verbally, in writing, and/or on the internet and will include information described on Exhibit D.
- 3.3 Peer Review Information. For the initial credentialing and re-credentialing process, the Credentials Committee will review utilization, quality, and peer review information. For the re-credentialing process, the Credentials Committee will review information received during the prior periods of participation, in accordance with the Peer Review Policy, and information relating to compliance with the Network Participation Agreement and the Clinical Integration Program. The Quality and Performance Committee will provide data on utilization review, quality assurance/performance improvement review relevant to the Applicant.
- 3.4 Request for Information. Applicant will be notified by telephone in the event that the credentialing information obtained from other sources varies substantially from that provided by Applicant in the Credentialing Forms. Applicant must submit corrections and/or clarifications in writing within five (5) days of notification of the variance. CHP or its designee will document the receipt of the corrections by date stamp and initial. Applicant, upon request, will be informed of the status of his/her credentialing. If an Applicant does not provide information requested by CHP or its designee within thirty (30) days of the request date, CHP or its designee may proceed in its review and provide the Applicant's Credentialing Forms and related information to the Credentials Committee with a written explanation of the missing information, and the Credentials Committee may consider the Applicant's credentialing application withdrawn.
- 3.5 Consideration of Applicant's Application.
- 3.5.1 Administrative Review. Upon CHP receipt of any credentialing application, Administration receives the application from the provider liaison. Administration evaluates the credentialing application for network needs and other

considerations and may deny the application in its sole discretion prior to submission for Committee Review.

3.5.2 Committee Review and Recommendations. Following Administrative Review, Applicant’s Credentials File, including the previous credentialing applications, completed Credentialing Forms, and credentialing verification information, will be submitted to the Quality and Performance Committee for review and recommendation. Following Quality and Performance Committee Review, this information is submitted to the Credentials Committee for review and recommendation to the CHP Board. The Credentials Committee may recommend one of the following actions to the CHP Board: (i) accept the credentialing application; (ii) defer any decision pending receipt of additional information; (iii) deny the credentialing application, or (iv) recommend consideration by the CHP Board without recommendation as to approval or denial of the credentialing application.

3.6 CHP Board Review and Decision. The Board will evaluate the Applicant’s Credentials File and the recommendations of the Credentials Committee. The Board will make a determination whether to accept or reject the recommendations of the Credentials Committee, or to defer any decision pending receipt of additional information.

3.6.1 Approval. If the Board determines that Applicant’s initial or renewal application should be approved, CHP will accept Applicant’s individual participation in CHP. CHP will then notify Applicant and provide orientation through a provider liaison. Approval of credentialing is subject to execution of an applicable Network Participation Agreement and any other documents determined necessary by CHP.

3.6.2 Deferral. If a decision on a credentialing application is deferred pending the receipt of additional information, such application and Credentials File will be returned to the Credentials Committee for further evaluation.

3.6.3 Denial. The Board may deny/reject an initial or re-credentialing application if the Applicant fails to document to the Board’s satisfaction compliance with the qualifications and criteria, as follows:

(a) Denial Based on Network Needs. The Board may deny an initial or re-credentialing application, or may refuse to consider an application, for a Participant or Provider/Supplier who does not meet, in the Board’s determination, the CHP network needs, which is an administrative determination. The decision to deny the Applicant’s initial or re-

credentialing application for failure to meet Network Needs will be final, with no right of appeal.

- (b) Automatic Denial for Failure to Meet Minimum Network Participation Criteria. If the Board determines that the initial or re-credentialing application should be denied for failure to meet the Minimum Network Participation Criteria for credentialing or for any misrepresentation, misstatement, or omission in the information provided by Applicant for credentialing. The decision to deny the Applicant's initial or re-credentialing application for failure to meet Minimum Network Participation Criteria will be final, with no right of appeal.
- (c) Denial for Failure to Meet Other Qualifications. If the Board determines that an Applicant's initial credentialing should be denied for failure to meet the qualifications and criteria (other than Minimum Network Participation Criteria attached as Exhibit B), including the Code of Conduct, the decision is final, with no right of appeal.
- (d) Appeal for Denial of Re-credentialing. If the Board denies an Applicant's re-credentialing application, the Applicant may appeal the decision pursuant to the Peer Review Policy.

3.6.4 Notification. If the Credentials Committee makes a recommendation to the Board not to renew the participation of an Individual Provider for reasons other than a basis stated in Section 5.1(a) of the Peer Review Policy, the Credentials Committee will notify the Individual Provider in writing of the determination and the appeals process, and the Individual Provider may invoke the appeal process under the Peer Review Policy.

3.7 Bylaws and Policies. All Applicants will be provided with access to a copy of the CHP Bylaws and policies applicable to Participants and Individual Providers, and such other policies, as may be in effect and/or adopted from time to time. It is the responsibility of the Individual Provider to be familiar with the contents of the Bylaws and all CHP policies.

3.8 Participant Compliance. Participants will comply with and facilitate the credentialing determinations of CHP under this Policy and will terminate an individual's status as an Individual Provider under the Network Participation Agreement if the Applicant is denied participation in accordance with this Policy.

4.0 Credentialing Services by Third-Party.

Covenant Health Partners, Inc.	POLICY & PROCEDURE # 320.04CHP	
TITLE: CREDENTIALING POLICY	ORIGINATION DATE: 12/14/2017 REVIEW // REVISION DATE(S): 01.18.18; 08/09/18; 06/17/21; 02.17.22	PAGE: Page 8 of 20
APPROVED BY: CHP Board of Directors	P&P REPLACED [Number]: 320.03CHP	

Any credentialing support services not reserved to the Board under this Policy may be provided by external contractors (e.g., Covenant Health System (“CHS”) or its subcontractors) at the direction of CHP. Such third-party services may include primary and secondary source verification services. A description of the third-party contractor’s credentialing program may include the arrangement described on Exhibit E.

5.0 Notification Obligation.

Each Applicant or Individual Provider must promptly notify the CHP Medical Director in writing of any of the matters described on Exhibit F between re-credentialing cycles or while an initial or re-credentialing application is pending. Such information may be used by the Medical Director to initiate a report to the Credentials Committee or Quality and Performance Committee for review and consideration.

6.0 Termination of Network Participation Agreement.

Nothing in this Policy prevents CHP from terminating a Network Participation Agreement in accordance with its terms. An Individual Provider’s participation in CHP terminates automatically upon termination of the Network Participation Agreement for any reason. There is no right to an appeal termination as a result of the termination of a Network Participation Agreement. Following termination, the Individual Provider will no longer be allowed to attend any CHP Board or other meetings.

LIMITATION OF LIABILITY

As a condition of seeking or continuing participation in CHP, Participants and Individual Providers release CHP, CHS, and their respective directors, officers, employees, committee members and agents (collectively, the “CHP Parties”) from any and all liability, and will indemnify and hold harmless CHP Parties for, from, and against any actions taken or determinations made pursuant to this Policy.

CONFIDENTIALITY/SHARING OF PEER REVIEW INFORMATION

The Credentials Committee acts as a committee appointed by the Board under the CHP Bylaws, and thus, the review process and all records, proceedings, and communications of the Credentials Committee are considered confidential and privileged and are protected by the Peer Review Laws. As a condition of seeking or continuing participation in CHP, Applicants consent to the use or disclosure of information as described in this Policy.

Credentialing information may be shared only with the Board, other CHP committees (including employees, agents, or persons or organizations that serve the committees, such as third parties that perform credentialing activities on behalf of CHP), and engaged in the performance of credentialing

activities for CHP. Further, credentialing information is and will be transferred between CHP’s medical peer review committees (i.e., the Credentials Committee and the Quality and Performance Committee) and medical or nursing peer review committees of other health care entities in accordance with applicable Texas law.

To ensure privilege is at all times maintained, all incident and occurrence reports, documents and records prepared for a peer review activity, including meeting minutes, agendas, etc., of the Credentialing Committee must be:

1. Designated in a form substantially similar to the following: “PRIVILEGED AND CONFIDENTIAL; PEER REVIEW MATERIALS PURSUANT TO TEX. HEALTH & SAFETY CODE § 161.032 AND TEX. OCC. CODE §§ 160.007, 303.001, *et seq.*”;
2. Maintained securely and prohibited from disclosure at all times;
3. Distributed and collected at Credentials Committee meetings to ensure no further use or disclosure; and

All Credentials Committee members and the Board will be informed that the peer review privilege can be waived by the conduct of the members, so great care should be taken to keep peer review information confidential.

Any disclosure of peer review information outside of the Credentials Committee that is not permitted by this policy is strictly prohibited without the specific approval of legal counsel to CHP.

CONFIDENTIALITY / NONDISCRIMINATION

All personnel and committee members involved in credentialing activities will maintain confidentiality of all information reviewed as part of the credentialing process and are obligated to prevent unauthorized disclosure of such information. Credentials Committee members will be required to sign a statement of confidentiality and non-discrimination.

All credentialing information, including Credentials Committee meeting minutes, is confidential. Credentials Committee reports and communications will be stamped confidential and filed in a secure area. Any breach of PHI/SPI (Protected Health Information/Sensitive Personal Information) as detected by the committee or other source will be addressed by the Chief Medical Officer and Chair of the Credentials Committee who will then inform the Applicant of such breach, should it occur.

EXHIBIT B

Minimum Network Participation Criteria

1.0 Licensure and DEA.

- 1.1 Each Applicant must have a state medical license or other professional license, certification or registration applicable to the Applicant's profession.
- 1.2 Verification must come directly from the state licensing agency. When internet is used to verify licensure, the state licensing agency website will be utilized.
- 1.3 Current Drug Enforcement Agency ("DEA") certificate, if applicable to Individual Provider's services.

2.0 Primary Care Physicians (PCP) and Advance Practice Practitioners (APP) With Active Medical Staff Membership

Except as provided in Section 3.0 below, PCPs and APPs must obtain and maintain active medical staff membership and appropriate privileges in good standing at Covenant Medical Center, Covenant Children's Hospital, and/or such other hospitals as may be designated by the Board from time to time (the "Designated Hospitals").

3.0 PCPs with Affiliate Medical Staff Membership

PCPs and APPs who do not maintain active medical staff membership must obtain and maintain affiliate medical staff membership (or similar designation) and appropriate privileges at Designated Hospitals identified by the Board and must meet the following:

- 3.1 Primary office must be within the primary service area of a Designated Hospital.
- 3.2 Provide two letters of recommendation from Individual Providers within their peer group.
- 3.3 Provide the names and contact information for Physicians who will provide in-patient services for the PCP's patients and the Designated Hospital(s) at which those services will be provided.

4.0 Specialty Care Physicians (SPC)

All Specialty Care Physicians must have active, courtesy, consulting or affiliate medical staff membership in good standing and appropriate privileges applicable to the SCP's specialty at Designated Hospital(s) identified by the Board.

- 4.1 Provide two letters of recommendation from Providers/Suppliers within their peer group.

5.0 Continuing Education. Applicants must demonstrate completion of continuing education in a manner consistent with then-current rules of the applicable licensing agency rules.

6.0 Malpractice Liability. Applicants must:

- 6.1 Provide requested information on liability claims history and claims experience, including names of all prior carriers.
- 6.2 Have an absence of a history of denial or involuntary cancellation of professional liability insurance.
- 6.3 Have a satisfactory malpractice claims and/or settlement history as determined by the Board.
- 6.4 Remit to CHP proof of required, continuous professional liability insurance with such limits and in such amounts as determined by the Board from time to time.

7.0 Medicare and Medicaid Participation

Applicants must be enrolled in and bill Medicare through a Participant's tax identification number and not be excluded from participation in any federal health care program, including Medicare and Medicaid.

8.0 Criminal Sanctions

Applicants must not be indicted or convicted of (or have pled *nolo contendere* to) a felony or any law applicable to health care. The Credentials Committee or the Board may consider any other criminal sanctions during the initial credentialing process or a re-credentialing process.

9.0 Network Participation Agreement

All Applicants Individual Provider must have received a final credentialing decision by the Board prior to executing a Network Participation Agreement.

10.0 Certified Electronic Health Record

Applicants and current providers acknowledge that participation in CHP requires transparency of clinical data to the clinical network. The commitment to transparency requires the utilization of certified, up-to-date electronic solutions for both practice management and clinical care.

Applicants must provide the name and version of practice management electronic solutions and clinical electronic health record solutions, as appropriate, to CHP for initial credentialing.

Providers seeking reappointment must provide CHP with changes made to practice management and electronic health record solutions including but not limited to upgrades or vendor changes.

CHP expects all providers to maintain current electronic health records that keep pace with the evolution of technology requirements. CHP providers acknowledge that programs and/or risk contract requirements change and that investments in additional software and/or modules must be purchased, implemented, and maintained to meet program and/or contract requirements. Utilization of certified, up-to-date electronic health records assures the CHP networks' ability to not only participate in but also excel in programs and/or risk-based contracts.

Providers unable to maintain up-to-date or needed functionality within their respective electronic health record are at risk for immediate termination from CHP.

11.0 Code of Conduct

All Applicants must act at all times in accordance with the CHP Code of Conduct.

12.0 Board Certification

Unless otherwise approved by the CHP Board, each physician shall be board certified, or board eligible and obtain board certification within five (5) years, by an organization approved by the American Board of Medical Specialties (“ABMS”), the AOA, the American Board of Oral and Maxillofacial Surgery, the ADA, or the American Board of Podiatric Surgery. The board eligibility/board certification shall not apply to any providers who provide the majority of their health care services in a Rural Health Clinic, as long as such providers obtain a minimum of 50 hours of CME per year, which must be submitted to the CHP Board for verification annually.

EXHIBIT C

Additional Participation Criteria

- 1.0** Provide high quality and cost-efficient care, adhering to standards determined by the Board, including without limitation all Clinical Integration Program requirements.
- 2.0** Participate in the activities of CHP (such activities include committee functions and section or department activities, for which the Physician or APP has assumed responsibility by appointment, election or otherwise).
- 3.0** Prepare and complete in a timely fashion medical and other related records for all patients and Covered Persons.
- 4.0** Allow access to inpatient and ambulatory records for review by appropriate committees/designees of CHP, while preserving confidentiality and/or privileged nature of such records.
- 5.0** Authorize CHP to consult with members of the medical staff of CHS and other hospitals with which the Applicant has been associated and with others who may have information bearing on pertinent aspects of the credential application.
- 6.0** Fulfill requirements for continuing education standards as required to maintain licensure or as determined by the Board.
- 7.0** Participate in office site visits by CHP to document and verify the adequacy of the facility, medical records and other applicable standards.
- 8.0** Consent to CHP's inspection of all records and documents that may be material to an evaluation of professional qualifications and competence to carry out the professional health care services requested.
- 9.0** Allow access to CHS or other Designated Hospital credentialing and/or peer review records and information for review by appropriate committee/designees of CHP, while preserving the confidentiality and/or privileged nature of such records.
- 10.0** For Physicians, perform medical supervision of Advance Practice Providers and other individuals performing services under the Physician's supervision in accordance with guidelines promulgated by the applicable licensing board, including the Texas Medical Board and the Texas Board of Nursing.
- 11.0** Provide appropriate twenty-four-hour coverage for their practice.
- 12.0** Participate in clinical registries and health information exchanges, as determined by CHP and CHP policies, to facilitate the use and exchange of PHI and other information in connection with patient care and successful performance under the Clinical Integration Program.

- 12.1 CHP collaborates with the Providence Saint Joseph Health Information Exchange (the “HIE”), and Applicants are required to participate in the HIE in order to participate in CHP. A separate agreement between the applicable provider and the HIE is required for provider participation in the HIE.
- 12.2 Applicants are expected to share and ingest as much information as technically possible. The minimum requirement for Applicants is to share patient/member admission, discharge, transfer data and any clinical data captured through the continuity of care document architecture provided by the HIE. The HIE may also be used as a technical conduit to share data with other solutions and databases focused on improvements in CHP performance.
- 12.3 Applicants must leverage certified electronic health record technology (CEHRT) in order to facilitate information exchange. The Office of the National Coordinator for Health Information Technology (ONC) tests and certifies health information technology solutions, and CHP references ONC resources to determine if a practice is leveraging CEHRT.
- 12.4 Applicants not using CEHRT or otherwise using electronic health record solutions considered by CHP to be non-viable for information exchange are at risk for rejection of their credentialing application or termination from participation in CHP, for failure to meet the Additional Participation Criteria, in accordance with the terms of this Policy. CHP will collaborate with Applicants to identify viable electronic health record solutions.

EXHIBIT D

Primary Source Verification Information

- 1.0** State license to practice medicine or nursing from the TMB or the applicable state licensing authority. Verification must come directly from the state licensing agency. When internet is used to verify licensure, the state licensing agency website will be utilized.
- 2.0** Current copy of valid DEA certificate (as applicable) date stamped and initialed;
- 3.0** Texas Department of Public Safety certificate will be verified (date stamped and initialed) utilizing the agency website.
- 4.0** Education and training, including board certification (if the Applicant states on the application that he/she is board certified, and the highest level of credentials attained). If a Physician is board-certified, verification of that board certification will be completed through American Osteopathic Association or American Board of Medical Specialties. For Applicants who are not board certified, verification of completion of residency or training programs will be performed by a request of written verification from the residency or training program. Written verification of graduation from a medical school outside the United States will be obtained from the Educational Commission of Foreign Medical Graduates, if applicable.

TITLE: QUALITY ASSURANCE AND PERFORMANCE IMPROVEMENT POLICY	ORIGINATION DATE: 4/20/2017 REVIEW // REVISION DATE(S): 1/18/2018; 02.17.22	PAGE: Page 1 of 6
APPROVED BY: CHP Board of Directors	P&P REPLACED [Number]: N/A	

PURPOSE

The purpose of this policy is to ensure that Covenant Health Partners, Inc. (“CHP”), and its Participants may not interfere with, control, or otherwise direct an Individual Provider’s professional judgment; and to preserve and/or improve the quality, appropriateness and safety of patient care, in accordance with the purpose of the CHP Bylaws.

SCOPE

CHP and its employees, agents, contractors, affiliates, directors, officers, and any committee members; All Participants and their participating Individual Providers, directors, officers, employees, agents, contractors, and affiliates; any third party that performs quality assurance/improvement review at the request of CHP or on behalf of which CHP performs quality assurance/improvement review.

POLICY

This policy describes the CHP approach to quality that is used to plan, design, measure, assess and improve organizational performance and patient care.

Under this policy, CHP will:

- a. Achieve quality improvement goals in a systematic manner through collaboration with its Participants and Individual Providers;
- b. Provide a culture where care is delivered in a safe environment and quality care is measured, monitored, and continuously improved;
- c. Utilize quality improvement information and aggregate data in formulating and achieving objectives of the CHP Clinical Integration Program;
- d. Provide a systematic, coordinated and continuous approach to the maintenance and improvement of patient safety; and
- e. Develop, implement and maintain initiatives and programs to evaluate and improve the quality of health care services.

DEFINITIONS

Quality Committee: A standing committee of CHP that operates under the CHP Bylaws and is authorized by the CHP Board to (i) evaluate the quality of medical and health care services and the competence of Individual Providers and (ii) engage in activities, such as utilization review, quality assurance/performance improvement review, and peer review, for the purpose of improving the quality and efficiency in the delivery of healthcare services.

Quality Assurance or Performance Improvement (“QA/PI” or “QA/PI Program”): The integration of all aspects of quality and performance improvement which have a direct or indirect impact on patient care and safety.

Capitalized terms not otherwise defined will have the meaning set forth in the Definitions Policy.

PROCEDURE

1.0 Vision, Principles, Values

- 1.1 Vision: Covenant Health Partners will be the highest quality and lowest cost accountable care organization in the region.
- 1.2 Key Principles: The QA/PI initiatives will achieve CHP’s mission by embracing these key principles:
 - (a) Continually develop a culture with a passion for providing exceptional quality service.
 - (b) Put forth best practices to ensure optimal clinical outcomes, which meet high ethical and clinical standards of care and safeguard the integrity and safety of patients and employees.
 - (c) Select the right employees, Participants, and Individual Providers and empower them through education and training.
- 1.3 Values: The following CHP value statements are essential and timeless:
 - (a) To provide high-quality, cost-effective health services.
 - (b) To be honest, trustworthy and reliable in all relationships.
 - (c) To be a leader in the health care industry.
 - (d) To pursue fiscal responsibility and growth.
 - (e) To treat employees, physicians, and others fairly.

2.0 Assignment of Responsibility

- 2.1 CHP Board: The Board is responsible for establishing and maintaining CHP’s QA/PI Program. The Board has established the Quality Committee to delegate responsibilities of implementation and oversight of the QA/PI Program to such Quality Committee, consistent with this policy and the CHP Bylaws. It is the duty of the Board to assure patient care is safely delivered within the guidelines established by CHP while meeting all standards and regulations.

The Board is responsible for creating an environment that promotes quality assurance and improvement through the safe delivery of patient care, quality outcomes and high customer satisfaction. The Board authorizes and designates the Quality Committee to perform the following functions:

- (a) Adopt an approach to QA/PI and set priorities for CHP-wide quality assurance and improvement that are designed to improve safe patient care delivery, outcomes, and customer service.
- (b) Ensure an ongoing, proactive program for identifying and reducing unanticipated adverse events and patient safety risks.
- (c) Ensure that important processes and activities are measured, assessed, and improved systematically throughout CHP.
- (d) Participate in QA/PI activities in collaboration with the Participants, Individual Providers and CHP's employees and contractors.
- (e) Allocate adequate resources including personnel, time, and data collection systems for assessment and improvement of CHP's governance, managerial, clinical and support processes.
- (f) Assure that CHP's employees and contractors are trained in the basic approaches and methods of QA/PI, including the tools utilized in evaluating processes and systems that contribute to improved patient outcomes.
- (g) Analyze and evaluate the effectiveness of the QA/PI activities.

2.2 Participants, Individual Providers and CHP Employees and Contractors: Participants, Individual Providers, and CHP's employees and contractors will participate in identifying opportunities for QA/PI, data collection and implementing actions to sustain quality care and improvements thereto.

3.0 Measuring and Monitoring Quality

- 3.1 CHP's processes, functions, or services are designed and/or redesigned in a manner that is consistent with sound business practices and are:
- (a) Consistent with the mission, vision, values, goals and objectives, and plans, including the Clinical Integration Program;
 - (b) Meeting the needs of individuals served, employees, contractors, and others;
 - (c) Clinically sound and current;

CONFIDENTIAL DRAFT

PURPOSE

The purpose of this policy is to establish guidelines and procedures regarding Peer Review (defined below) of the clinical activities and independent practice of Individual Providers participating in Covenant Health Partners, Inc. (“CHP”). This process assists CHP in the identification of opportunities for improvement in patient care, monitoring the quality of patient care rendered, evaluating the Individual Provider’s competence and providing constructive feedback relevant to the Individual Provider. The foremost objective of the Peer Review activities conducted by CHP is the promotion of high quality patient care and patient safety.

SCOPE

CHP and its employees, agents, contractors, affiliates, directors, officers, and committee members; All Participants and their Individual Provider, directors, officers, employees, agents, contractors, and affiliates; Any other third party that performs Peer Review activities at the request of CHP; any other Peer Review committee of an entity affiliated or contracted with CHP.

POLICY

CHP, as a “medical organization” and “health care entity” defined respectively in Section 161.031(a) of the Texas Health and Safety Code and in Section 151.001(a)(5)(C) of the Texas Occupations Code, will provide guidelines to its Quality and Performance Committee, Participants, and Individual Providers for the performance of Peer Review related activities to assist in the identification of opportunities for improvement in patient care, monitoring the quality of patient care rendered, and providing constructive feedback relevant to the performance of the Individual Provider. Peer Review will be timely and timeframes specified will be adhered to reasonably.

The Peer Review conclusions will be defensible – i.e., the conclusions reached through the process or supported by a rationale that specifically addresses the issues for which the Peer Review was conducted, including as appropriate, reference to the literature and relevant clinical practice guidelines. Peer Review will be balanced, and minority opinions and views will be considered and recorded. Peer Review will be useful, and the results of the Peer Review activities will be considered in Individual Provider specific credentialing/re-credentialing decisions and as appropriate in the CHP’s quality assurance and performance improvement activities.

CHP, Participants, Individual Provider, and all other individuals and entities that fall within the scope of this policy will follow the guidelines in this policy to ensure that the Peer Review activities and any information created pursuant to such activities remains confidential and privileged at all times, in accordance with applicable federal and state Peer Review laws, including but not limited to, the Texas Medical Peer Review Committee Privilege set forth at Tex. Occ. Code § 160.007, as amended, and the Texas Medical Committee Privilege set forth at Tex. Health & Safety Code § 161.032, as amended (collectively, the “Peer Review Laws”).

DEFINITIONS

Advisory Review Panel: A panel of three or more Individual Providers that includes a representative of the Individual Provider's specialty or similar area if available, appointed by the CHP Board of Directors (the "Board") to review an Adverse Recommendation (defined below) and make recommendations to the Board.

Quality and Performance Committee: A standing committee of CHP that operates under the CHP Bylaws and is authorized by the CHP Board to (i) evaluate the quality of medical and health care services and the competence of Individual Providers, including the performance of those functions specific by Section 85.204 of the Texas Health and Safety Code, and (ii) engage in activities, such as utilization review, quality assurance/performance improvement review, and Peer Review, for the purpose of improving the quality and efficiency in the delivery of health care services. As such, the Quality and Performance Committee is a "medical peer review committee," as defined under the Texas Medical Practice Act.

Peer Review: The evaluation of medical and health care services, including evaluation of the qualifications and professional conduct of the Individual Providers and of patient care provided by those Individual Providers. Capitalized terms not otherwise defined in this Policy will have the meaning set forth in the Definitions Policy.

PROCEDURE

1.0 General Information.

Individual Providers participate in the Peer Review process through their involvement in activities to measure, assess, and improve performance on an organization-wide basis.

The Board or Quality and Performance Committee, if delegated, shall conduct ongoing specific review and evaluation activities that contribute to the preservation and improvement of the quality, performance, effectiveness, safety and efficiency of patient care provided throughout CHP. The Board or the Quality and Performance Committee shall objectively review, analyze and evaluate quality of care and performance provided in CHP based on objective and measureable standards of care/performance.

2.0 Peer Review Functions.

Peer Review functions of the Quality and Performance Committee specifically include the following:

- 2.1 Collecting and analyzing data to generate evidence-based clinical protocols, metrics, and best practices;
- 2.2 Developing quantitative performance metrics (e.g., indicators, standards, benchmarks) on certain areas, including but not limited to, utilization, length-of-stay, clinical quality, patient safety, and professional service quality, and recommending processes and timelines for achievement of such metrics;

- 2.3 Monitoring performance in relation to the metrics;
- 2.4 Evaluating, developing, and monitoring interventions to improve performance;
- 2.5 Providing reports of Peer Review activities to the Credentials Committee, Quality and Performance Committee or the Board;
- 2.6 Performing activities under the Utilization Review Policy;
- 2.7 Any actions defined as “Medical Peer Review” or “Professional Review Actions” in Section 151.002(a)(7) of the Texas Medical Practice Act, including but not limited to, the evaluation of the:
 - (a) merits of a complaint relating to an Individual Provider and a determination or recommendation regarding the complaint;
 - (b) accuracy of a diagnosis;
 - (c) quality of the care provided by an Individual Provider;
 - (d) report made to the Quality and Performance Committee, the Credentials Committee, to another committee, or to the CHP Board as permitted or required by law; and
 - (e) implementation of the duties of the Quality and Performance Committee or the Credentials Committee by a member, agent, or employee of the committee.

3.0 Peer Review Events.

The Peer Review process for an Individual Provider may be prompted by any of the following events or occurrences, including but not limited to those events described on Exhibit A.

4.0 Peer Review Process.

Once a potential Peer Review event or issue has been identified, the following will occur:

- 4.1 Clinical Review Report. The Board, identifying committee, or the CHP Medical Director may initiate the Peer Review process by submitting a clinical review report that includes a brief summary of the reason for review (or description of the incident) that will be reviewed by the Quality and Performance Committee. The Board may perform any activity of this Policy without involvement of the Quality and Performance Committee.
- 4.2 Review Process.
 - (a) The Quality and Performance Committee will complete review within ninety (90) days after all data is available and/or all responses for additional information/explanation have been received to determine the appropriate action.

This review may involve a root cause analysis (i.e., a process for identifying the basic or causal factor or factors that underlie the variation in performance).

- (b) If it is determined that immediate review is required, the Chairperson of the Quality and Performance Committee ("Chairperson") shall be notified. The 90-day timeframe does not apply if a case is referred to external review (including legal review). Circumstances under which external Peer Review may be required:
 - (i) In circumstances when it is determined by the CHP Board or the Quality and Performance Committee with approval from the CHP Board that there is no Individual Provider to serve as a "peer" (i.e., an associate with the same role expectations and performance description);
 - (ii) In the event that neither the Quality and Performance Committee nor the Board are able to make a determination as to the issue being reviewed;
 - (iii) In cases where partners or competitors would not be appropriate "peers," as determined by the Board.

4.3 Remediation Plan. The Board or the Quality and Performance Committee may determine that an Individual Provider's conduct, performance, or deficiency is eligible for a written remediation plan ("Remediation Plan"). The Remediation Plan will be administered and developed according to the process described on Exhibit B.

4.4 Probation, Summary Suspension, and/or Recommendation for Termination.

- (a) Upon review of quality reporting information obtained and collected through the Review Process, the Quality and Performance Committee may recommend probation for one year of an Individual Provider's individual participation in CHP to the Board based on the determination that the conduct of the Individual Provider adversely affects the performance of CHP. Quality reporting information includes, but is not limited to, Participant reporting of administrative metrics and Participant obligations under any other CHP Policy. Upon the conclusion of the year of probation, if the Individual Provider has successfully completed his/her quality reporting, probationary status will be removed. If upon the conclusion of the year of probation the Individual Provider has not successfully completed his/her quality reporting, the Quality and Performance Committee may recommend termination of the Individual Provider. Quality and Performance Committee is not required to recommend probation, and may in its sole discretion recommend termination. Individual Providers are not entitled to distributions for the year they are under probationary status.
- (b) Upon review of the information obtained and collected through the Review Process, the Quality and Performance Committee may recommend termination of Individual Provider's individual participation as an Individual Provider in CHP to the Board based on the determination that the conduct of the Individual Provider: (i) adversely affects or could adversely affect the health or welfare of a

patient or other individual, (ii) is disruptive to CHP's operations, (iii) is unlikely to be improved or rectified, or (iv) is inconsistent with the Clinical Integration Program or the Code of Conduct Policy.

- (c) The Quality and Performance Committee may impose a summary suspension on an Individual Provider in CHP if the Individual Provider presents a risk of imminent danger or harm to a patient or other individual, or based on other good cause, including violation of the Code of Conduct Policy. The Individual Provider's suspension will continue until (1) the Board has made a final determination that the Individual Provider does not present a risk of imminent danger or harm to a patient or other individual, or (2) the Board has made a final determination whether to terminate the Individual Provider's participation.

5.0 Appeal Process.

5.1 The appeal process under this Policy does not apply, and the Quality and Performance Committee may recommend immediate suspension or termination under the Termination Policy, if the basis for suspension or termination is one or more of the following:

- (a) any determination that is specifically denied appeal rights under the Credentialing Policy (including as based on absence of network need), including violation of the Code of Conduct Policy;
- (b) the termination of an Individual Provider's employment (or other contractual relationship) with the Participant;
- (c) the termination of a Participant's Network Participation Agreement (unless the Participant has only one Individual Provider).

5.2 If the Quality and Performance Committee imposes a suspension for thirty (30) days or longer, or recommends termination of the Individual Provider to the Board for quality or professional conduct reasons (each an "Adverse Recommendation"), the Quality and Performance Committee will notify the Individual Provider in writing of the Adverse Recommendation, the basis for the Adverse Recommendation, and of the appeals process, as follows:

- (a) Individual Provider will have thirty (30) days following receipt of notice of the Adverse Recommendation to submit a written appeal of an Adverse Recommendation to the Board, not to exceed 20 pages. The Individual Provider may engage an attorney or other representative to assist in preparing the written appeal.
- (b) Upon receipt of the written appeal, the Board will appoint an Advisory Review Panel (the composition of which will be determined by the Board), which must conduct its review of the written appeal within sixty (60) days of receipt of the Individual Provider's written appeal.

- (c) The Advisory Review Panel will review information provided by the Quality and Performance Committee and the Individual Provider's written appeal.
- (d) The Advisory Review Panel will prepare a written recommendation to the Board, with a copy to the Individual Provider.
- (e) The Board must consider, but is not bound by, the recommendation of the Advisory Review Panel.
- (f) The Board's determination following consideration of the Advisory Review Panel's recommendation is final.

5.3 The Participant with which the Individual Provider is affiliated is required to implement the Board's final determination regarding the Individual Provider. The Participant will be notified of termination of its Network Participation Agreement if the Board's final determination is to terminate an Individual Provider employed by or under contract with the Participant. The Participant may elect to terminate the Individual Provider's employment or other contractual engagement to avoid termination of the Network Participation Agreement on that basis.

6.0 Reapplication.

An Individual Provider that has been terminated by the Board based upon the Quality and Performance Committee's recommendation in accordance with this Policy may re-apply for participation one (1) year after the expiration of the Performance Period in which the termination occurred (or other date specified by the Board), to allow CHP the opportunity to review additional data to determine quality performance improvement for reinstatement of CHP participation. The Individual Provider must indicate interest in writing in accordance with the Credentialing Policy and will be subject to a quality and performance review by the Quality and Performance Committee and review by the Credentials Committee. The Credentials Committee will make its recommendation to the Board regarding approval of Individual Provider following the process for an application under the Credentialing Policy.

LIMITATION OF LIABILITY

As a condition of seeking or continuing participation in CHP, Participants and Individual Providers release CHP, CHS, and their respective directors, officers, employees, committee members and agents (collectively, the "CHP Parties") from any and all liability, and will indemnify and hold harmless the CHP Parties for, from, and against any actions taken or determinations made pursuant to this Policy.

CONFIDENTIALITY/SHARING OF PEER REVIEW INFORMATION

The Quality and Performance Committee acts as a committee appointed by the Board under the CHP Bylaws, and thus, the review process and all records, proceedings, and communications of the Quality and Performance Committee are considered confidential and privileged and are protected by the Peer Review Laws.

Peer Review information may only be shared with the Board and other CHP committees, including employees, agents, or persons or organizations that serve the committees, engaged in the performance of Peer Review activities for CHP. Further, Peer Review information is and will be transferred between CHP's medical peer review committees (i.e., the Credentials Committee and the Quality and Performance Committee) and medical Peer Review committees of Other Entities in accordance with applicable Texas law. In addition to the foregoing, credentialing and Peer Review information may be shared by CHP with its affiliated entity, Covenant ACO, Inc. ("Covenant ACO"), provided that the member also maintains privileges and/or membership with Covenant ACO, or has submitted an application seeking membership and/or privileges with Covenant ACO. This information may be shared among CHP and Covenant ACO at initial appointment or reappointment and at any other time during the individual member's appointment.

To ensure privilege is at all times maintained, all incident and occurrence reports, documents and records prepared for a Peer Review activity, including meeting minutes, agendas, etc., of the Quality and Performance Committee shall be:

1. Designated in a form substantially similar to the following: "PRIVILEGED AND CONFIDENTIAL; PEER REVIEW MATERIALS PURSUANT TO TEX. HEALTH & SAFETY CODE § 161.032 AND TEX. OCC. CODE § 160.007";
2. Maintained securely and prohibited from disclosure at all times;
3. Distributed and collected by CHP at Quality and Performance Committee meetings to ensure no further use or disclosure; and
4. All Quality and Performance Committee members and the Board shall be informed that the Peer Review privilege can be waived by the conduct of the members, so great care should be taken to keep Peer Review information confidential.

All personnel and committee members involved in Peer Review activities will maintain confidentiality of all information reviewed as part of the Peer Review process and are obligated to prevent unauthorized disclosure of such information. Peer Review committee members will be required to sign a Confidentiality Statement.

Any disclosure of Peer Review information outside of the Quality and Performance Committee that is not permitted by this policy is strictly prohibited without the specific approval of legal counsel to CHP. Further, CHP or the Quality and Performance Committee will not seek to obtain any Peer Review information held by any of its Participants or Individual Providers without the specific approval of legal counsel to CHP.

EXHIBIT B

Remediation Plan

1. In the event that a Remediation Plan is required, the Individual Provider will be notified of this determination in writing.
2. The CHP Chief Medical Officer or other individual designated by the Board will meet with the Individual Provider to discuss a Remediation Plan within thirty (30) days or as otherwise permitted by the Chief Medical Officer (or other designated individual). If the Individual Provider cannot meet within the 30-day period, the Individual Provider must submit the reason for the inability to meet in writing to the Chief Medical Officer within three (3) days after initial notification and must identify dates that the Individual Provider is reasonably available to meet. The Chief Medical Officer will notify the Quality and Performance Committee of the Individual Provider's failure to meet within the 30-day period. The Individual Provider's failure to meet within thirty (30) days of the notice date (or as otherwise agreed by the Chief Medical Officer) may result in placement of the Individual Provider's participation status on probation, suspension, and/or termination, as determined by the Board.
3. The Chief Medical Officer will develop the Remediation Plan and submit the Remediation Plan to the Quality and Performance Committee for review.
 - a. If approved by the Quality and Performance Committee, the Remediation Plan shall be submitted to the Board for final approval. The period of the Remediation Plan shall begin on the date of the Board's final approval.
 - b. If denied by the Quality and Performance Committee, the Quality and Performance Committee will notify the Chief Medical Officer and Individual Provider of the reason for denial, and a revised version of the Remediation Plan must be submitted to the next Quality and Performance Committee meeting for approval.
4. The Remediation Plan may require periodic reporting or review by the Chief Medical Officer (or otherwise designated official).
5. The Quality and Performance Committee may determine that the Individual Provider has demonstrated sufficient quality and other improvement to be taken off the Remediation Plan and will provide its recommendation to the Board for approval.
6. The Quality and Performance Committee may also determine that the Individual Provider has not demonstrated sufficient improvement and may either recommend to the Board to: (i) extend the Remediation Plan period, (ii) take other action to correct the performance, conduct, or deficiency, or (ii) terminate Individual Provider's participation.
7. The Participant with which the Individual Provider may be notified of the Remediation Plan as necessary to implement the Remediation Plan and to promote compliance.

Covenant Health Partners, Inc.	POLICY & PROCEDURE # 350.01 - CHP	
TITLE: UTILIZATION REVIEW POLICY	ORIGINATION DATE: 4/20/2017 REVIEW // REVISION DATE(S): 1/18/2018; 02.17.22	PAGE: Page 1 of 5
APPROVED BY: CHP Board of Directors	P&P REPLACED [Number]: N/A	

PURPOSE

The purpose of this policy is to provide direction as to the process for utilization review of the medical services provided by the Participants and Individual Providers in Covenant Health Partners, Inc. (“CHP”), and to the collection and dissemination of information regarding the quality, efficacy, appropriateness, safety and other variables related to patient care as consistent with CHP’s clinical integration program and other purposes.

SCOPE

CHP and its employees, agents, contractors, affiliates, directors, officers, and committee members; All Participants and their participating Individual Providers, directors, officers, employees, agents, contractors, and affiliates; Any third party that performs utilization review at the request of CHP.

POLICY

Decisions regarding the provision of patient care, treatment, and services shall be based on the assessed needs of a patient under the direction of an Individual Provider. These decisions will be made based on independent professional judgment regardless of the recommendations or results of any internal or external review. The safety and quality of care, treatment, and services do not depend on the patient’s ability to pay.

Utilization Review will be performed by or at the direction of CHP. CHP shall not use the Utilization Review process or the results of such review to interfere with, control, or otherwise direct a Physician or other Individual Provider’s professional judgment in violation of state law.

CHP, Participants, Individual Providers, and all other individuals and entities that fall within the scope of this Policy will follow the procedure for Utilization Review including to ensure that the Utilization Review and any information created pursuant to such review remains confidential and privileged at all times, in accordance with applicable federal and state peer review laws, including but not limited to, the Texas Medical Peer Review Committee Privilege set forth at Tex. Occ. Code § 160.007, as amended, and the Texas Medical Committee Privilege set forth at Tex. Health & Safety Code § 161.032, as amended (collectively, the “Peer Review Laws”).

DEFINITIONS

Quality and Performance Committee: A standing committee of CHP that operates under the CHP Bylaws and is authorized by the CHP Board of Directors (the “Board”) to (i) evaluate the quality of medical and health care services and the competence of Individual Providers, including the performance of those functions specific by Section 85.204 of the Texas Health and Safety Code, and (ii) engage in activities, such as utilization review, quality assurance/performance improvement review, and peer review, for the purpose of improving the quality and efficiency in the delivery of health care services. As such, the Quality and Performance Committee is a “medical peer review committee,” as defined under the Texas Medical Practice Act.

Utilization Review: The review by CHP of governmental payor and private insurance claims submitted for health care services for medical necessity and appropriateness, except for claims submitted to the Texas workers' compensation system.

Capitalized terms not otherwise defined will have the meaning set forth in the Definitions Policy.

PROCEDURE

1.0 Objectives

- 1.1 The CHP Clinical Integration Program is intended to promote optimal sharing of patient-level clinical information among CHP's Individual Providers to support high quality, cost effective and appropriate care to beneficiaries who are assigned and/or attributed to CHP and its affiliates.
- 1.2 All patients, regardless of type of insurance or source of payment, and services provided as part of CHP's clinical integration program are monitored for over-utilization, under-utilization, and inefficient use of resources in connection with Utilization Review.
- 1.3 CHP Individual Providers are not required to refer to other CHP Participants or Individual Providers, except when a payor arrangement defines the provider network. Participants and Individual Providers understand referring to other CHP Individual Providers will improve clinical integration and sharing of data. Patient choice, payor arrangement requirements, and referring provider professional medical judgment will be respected at all times.
- 1.4 The primary objectives of Utilization Review are the following:
 - (a) Assure Care at a Level Appropriate to Patient Needs. Utilization Review monitors the level of care on an ongoing basis to ensure that Covered Persons receive care appropriate for their needs.
 - (b) Provide Professional Accountability. Utilization Review provides professional accountability for the utilization of health care resources to the patient and the person or organization paying for his/her care. Utilization Review addresses issues of quality and cost controls to ensure the quality patient care is delivered at the lowest cost.
 - (c) Educate the Individual Providers and Other Health Care Professionals. The ongoing Utilization Review activity and the identification of problem areas provide continuous education on quality of care and utilization issues.

2.0 Components of the Utilization Review Program

- 2.1 The Board may delegate responsibilities hereunder to the Quality and Performance Committee or such other committee, as may be designated from time to time by the Board.

Covenant Health Partners, Inc.	POLICY & PROCEDURE # 350.01 - CHP	
TITLE: UTILIZATION REVIEW POLICY	ORIGINATION DATE: 4/20/2017 REVIEW // REVISION DATE(S): 1/18/2018; 02.17.22	PAGE: Page 3 of 5

2.2 Utilization Review Program.

- (a) Responsibilities. The Board or Quality and Performance Committee, if applicable, has the responsibility to:
 - (i) Implement procedures for reviewing all stages of care, including but not limited to, medical necessity for service(s), over- and under-utilization of services, delays in services, quality of care indicators, and adequacy of medical record documentation.
 - (ii) Report review findings and recommendations to the appropriate persons or entities.
 - (iii) Review third-party payor denials, make recommendations and/or take appropriate actions.
 - (iv) Collect and analyze data.
 - (v) Analyze issues, problems, or individual cases identified through Utilization Review activities, make recommendations for resolution and/or refer to appropriate entities for resolution.
- (b) Utilization Review Activities.
 - (i) Stages of care review – Prospective; Concurrent; Retrospective.
 - (ii) Case management/Post-care planning review.
 - (iii) Non-physician personnel utilization screenings.
- (c) Focused review of known or suspected specific issues. Other CHP committees may, as appropriate, refer issues to the Quality and Performance Committee in order for the Quality and Performance Committee to conduct its review of the appropriateness and medical necessity of the clinical services, support services, and post-care planning.

2.3 Discipline. The Quality and Performance Committee is not a disciplinary committee, and will refer any problems with an Individual Provider to the Board or applicable committee.

2.4 Evaluation of Utilization Review. The Board or the Quality and Performance Committee, if applicable, will review, update or modify the Utilization Review Plan as necessary, based on the ongoing evaluation of the Utilization Review activities and their relationship to quality of care.

3.0 Records

PURPOSE

This Policy establishes participation standards for post-acute care providers (each a “PAC Affiliate”) that enter into a Post-Acute Provider Care Affiliate Agreement (“PAC Affiliate Agreement”) with Covenant Health Partners, Inc. (“CHP”), and Covenant ACO, Inc. (“Covenant ACO”). Covenant ACO and CHP may be referred to collectively as “Networks” and individually as “Network.”

SCOPE

PAC Affiliate, Covenant ACO, CHP, and their respective employees, Providers/Suppliers, Participants, agents, contractors, affiliates, directors, officers, and committee members.

POLICY

As a material condition of the PAC Affiliate Agreement, PAC Affiliate must at all times meet the standards and criteria applicable to the PAC Affiliate during the term of the PAC Affiliate Agreement. Failure to comply with this Policy may result in termination of the applicable PAC Affiliate Agreement under Article VI of the PAC Affiliate Agreement.

PROCEDURE

1.0 PAC Performance Standards.

PAC Affiliates must satisfy at all times during the term of the PAC Affiliate Agreement the PAC Performance Standards described on Exhibit A.

2.0 Notification Obligation.

Each PAC Affiliate must notify Networks in writing within three (3) days in writing of any conduct or event that is not consistent with this Policy.

3.0 Termination of PAC Affiliate Agreement.

Noncompliance with this Policy may result in suspension, termination, or other action taken under the PAC Affiliate Agreement. Termination will be pursuant to and with the effects and continuing obligations stated in the PAC Affiliate Agreement.

4.0 Amendment of Policy.

This Policy (including the PAC Performance Standards) may be amended from time to time by Networks without separate action by PAC Affiliate. The amendment will be effective fifteen (15) days after the amended policy is provided in writing to PAC Affiliate.

EXHIBIT A

PAC PERFORMANCE STANDARDS

PAC Affiliate will:

1. Implement appropriate policies, procedures, and practices to achieve the performance standards established by the Networks from time to time, including those relating to quality, readmission, patient satisfaction, length-of-stay, cost efficiency, and utilization set forth in the Scorecards.
2. Coordinate and cooperate with outpatient pharmacies in a collaborative manner to decrease drug costs.
3. Collaborate and communicate with the Networks as to the designation of the medical director for PAC Affiliate.
4. Participate in the St. Joseph Health Information Exchange (or other information exchange designated by the Networks).
5. Integrate and adopt electronic technologies designated by Networks to perform care coordination and transition services with Participants, Provider/Suppliers, and Other Entities.
6. Evaluate and consider individual and mutually agreeable contracts for rehabilitation and continuum of care services with Covenant Medical Center, TrustPoint, Covenant Specialty Hospital, Covenant Children’s Hospital, Covenant Hospital Plainview, and Covenant Hospital Levelland for specific underinsured/uninsured patients as the need may arise pursuant to PAC Affiliate’s policies for charity, underinsured, or uninsured policies.
7. Review and evaluate participation in Clinical Integration Agreements and/or Payor arrangements (bundled payment, shared savings, etc.) designated by the Networks, on terms specified by the Networks where doing so would not conflict with PAC Affiliate’s existing payor or other agreements.
8. Accept appropriate discharges from Covenant Health System facilities on a twenty-four hours per day, seven days per week basis.
9. Manage all patients within the PAC Affiliate in accordance with Network policies, procedures, standards, and requirements for the patient’s assessed condition, treatment plan, and level of illness, consistent with the PAC Affiliate’s license and other qualifications.
10. Maintain quality star rating of at least three or above, as monitored and assessed by the Centers for Medicare and Medicaid Services.

11. Coordinate with Networks to ensure that each PAC Affiliate attending physician at PAC Affiliate is a Provider/Supplier in each Network, pursuant to an effective Network Participation Agreement with each Network.

12. If the PAC Affiliate is a skilled nursing facility, ensure that appropriate staffing of registered nurse staffing is available on a twenty-four hours per day, seven days per week basis.

13. PAC Affiliates will cooperate with Covenant ACO and CHP initiatives, including but not limited to clinical pharmacy initiatives and wound care initiatives, to improve the quality and cost of care.

Covenant Health Partners, Inc.	POLICY & PROCEDURE # 700.01 - CHP	
TITLE: DATA SUBMISSION AND CERTIFICATIONS POLICY	ORIGINATION DATE: 1/18/2018 REVIEW // REVISION DATE(S): 2/17/22	PAGE: Page 1 of 1
APPROVED BY: CHP Board of Directors	P&P REPLACED [Number]: N/A	

PURPOSE

This Policy promotes the compliance of Covenant Health Partners, Inc. ("CHP"), related to compliance with the data submission obligations and certification requirements of payors.

SCOPE

CHP and its employees, agents, contractors, affiliates, directors, officers, and any committee members; All Participants and their participating Individual Providers, directors, officers, employees, agents, contractors, and affiliates.

DEFINITIONS

Capitalized terms not otherwise defined will have the meaning set forth in the Definitions Policy.

PROCEDURES

CHP, its Participants, its Individual Providers or individuals or other entities performing functions or services related to Clinical Integration Program activities must submit all data and information, including data on quality measures, that may be required by its Payor Agreements and Clinical Integration Agreements.

With respect to data and information that are generated or submitted by CHP, Participants, Individual Providers, or other individuals or entities performing functions or services related to Clinical Integration Program activities, an individual with the authority to legally bind the individual or entity submitting such data or information must certify the accuracy, completeness, and truthfulness of the data and information to the best of his or her knowledge information and belief.

At the end of each performance year, an individual with the legal authority to bind CHP may be required to certify to the best of his or her knowledge, information, and belief:

- 1.0** That CHP, its Participants, its Individual Providers, and other individuals or entities performing functions or services related to Clinical Integration Program activities are in compliance with program requirements; and
- 2.0** The accuracy, completeness, and truthfulness of all data and information that are generated or submitted by CHP, Participants, Individual Providers, or other individuals or entities performing functions or services related to Clinical Integration Program activities, including any quality data or other information or data relied upon by payors in determining CHP's eligibility for, and the amount of a shared savings payment.

Persons with questions regarding the accuracy, completeness and truthfulness of data or information that is generated or submitted by CHP, Participant, Individual Providers or other individuals or entities performing functions or services related to CHP activities, or that would otherwise call into question the appropriateness of CHP's ability to make the certification to Payor described above are required to notify CHP administration of such questions or other matters.
